## MANIFESTATION HAAGWIJK

Project code: ZL032  
Project name: Manifestation Haagwijk  
Location: Haagwijk, The Netherlands  
Period: 2011  
Status: Concept Design

Located alongside the central axis of Haagwijk are five luxurious and unique villas. On two sides the houses are marked off by trees and on the other sides the plots border the water.

The villas are all unified with each other through the use of one material: Clean concrete with Norwegian Marble finish. Because of the marble granulate it looks like small diamonds glitter in the concrete. All the villas can be seen as unique compositions in the landscape due to their unique designs.

And the end of the road is a modern four storied apartment building. The structure is also primarily concrete. And with rounded corners, open angles and folding forms the apartment truly becomes an icon on the location.
