FACELIFT ZIJLWEG

Project code: ZL086
Project name: Facelift Zijlweg
Location: Haarlem, The Netherlands
Gross area: 535 m2
Period: 2017

This renovation project is located at Zijlweg in Haarlem, The Netherlands. The building is a former garage that will be divided into multiple functions in the space.

The main idea is to have stores that are for daily activities and practical needs. Think of a local flower store, office, yoga studio, and workshops for sewing and cooking. The circulation is simple, it is one hallway where all the spaces are connected, which you can view in one go.
