## ROOF DESIGN WITTE DE WITH

Project code: ZL115  
Project name: Roof design Witte de With  
Location: The Hague, The Netherlands  
Period: 2018  
Status: Concept Design

This roof design was for the two houses at the Witte de With in The Hague, The Netherlands. Both owners wanted to make use of the big roof at the top of their house, to enjoy more outdoor space. The wooden cladding would make a clean facade with wide sliding doors that gives a welcoming entrance to the roof terrace.
